

PRIVACY PARTITIONS -

DETERMINED TO IMPROVE YOUR ENVIRONMENT

Grifform Innovations® Privacy Partitions are built so that standard partition sizes and standard partition hardware is used making easier installation possible, and insuring the lowest possible installation cost. If hardware or panels should become damaged, replacement does not require totally dismantling the units. Replacement hardware is widely available.

CHALLENGES

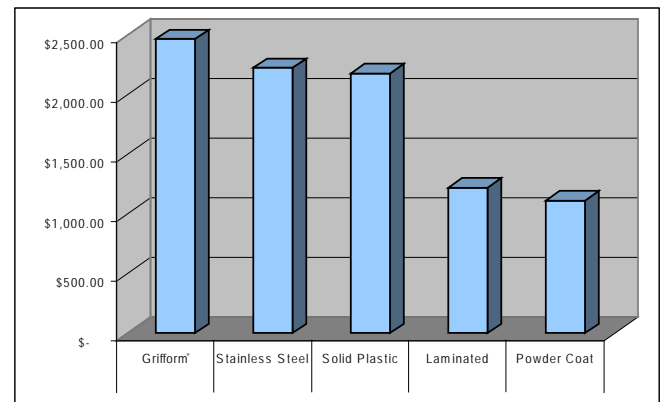

- Providing privacy partitions that are functional, durable and easily maintained.
- Units that have standard size parts and are easily installed.
- Partition stalls that with proper cleaning do not harbor germs.
- A system that can stand up to harsh abuse.

SOLUTION

- The Grifform Innovations® Privacy Partition available in several model options in over 100 DuPont™ Corian® colors.
- The Grifform Innovations® Privacy Partition System meets all the challenges you face.
- The Grifform Innovations® Privacy Partition with catalogued parts and hardware options to choose from.

RESULTS

- Partition hardware options that are standard sizes and partition hardware that is easily installed and can be easily repaired if damage occurs.
- Three styles of partition options that comply with normal privacy partition standards, either floor or ceiling mounted for individual design requirements.
- Variety of color options make it aesthetically pleasing.
- Seamless and non-porous features that do not support growth of, or survival of micro organisms.
- The durability and renewability requirement for this product make this system not only functional, but ease of maintenance keeps it looking new.

ATTRIBUTED VALUE OF THE GRIFform® PRIVACY PARTITIONS

- Three styles to choose from
- Does not foster growth of microorganisms, mold or mildew
- Lower maintenance cost
- DuPont™ Corian® can help earn points for LEED program
- Easy installation
- Extended life cycle
- Class 1/A fire rated

Griform Innovations®
 Privacy Partition -
 Determined to improve your environment.

Griform Innovations® offers you a beautiful solution to the tough challenge of creating durable and safe environments that meet the rigorous demands of healthcare. Our privacy partitions are perfectly designed to make them easily ordered and installed. By offering three styles to choose from as well as a wide color palette, you may order what would be preferred for your specific application. Featuring DuPont™ Corian® ensures that all the material AIA 2006 Surface Standard requirements have been met. Your staff will be able to easily maintain your partitions making it the perfect surface for your healthcare facility.

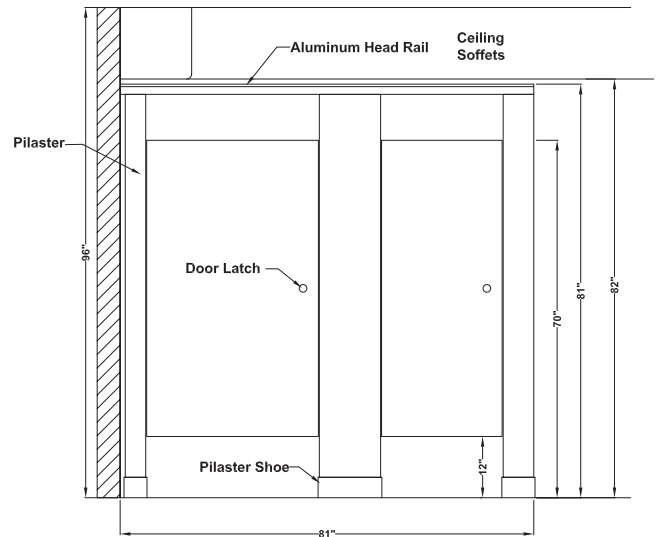

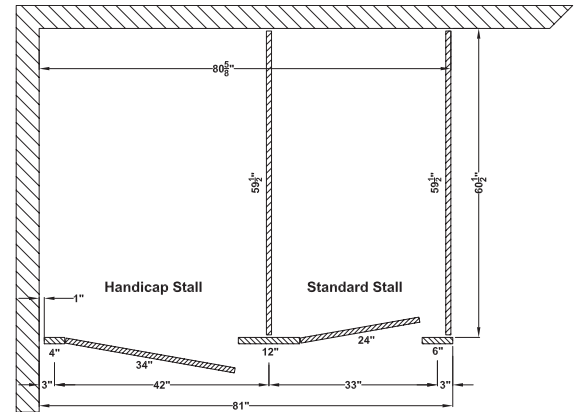

Griform® offers three styles of Privacy Partitions:

- ¼" DuPont™ Corian® is laminated on core materials which allow a finished face on both sides.
- ½" DuPont™ Corian® is laminated back to back which also allows a finished face on both sides, and the option of all ½" color choices.
- Using ½" DuPont™ Corian® material with 4" wide styles also features finished faces on both sides.

Note: Creating units with front faces on both sides makes maintenance easier in the case of major scratches. Cleaning can be done with normal abrasive cleaners which will remove graffiti in most cases. Scratches can be sanded and buffed with Scotch Bright pads to look like new within minutes.
