Griform Innovations®

Tables -

Determined to improve your environment.

Griform Innovations® offers Round, Rectangle, Square and Wall Mount style table tops. These tops are made of any 1/4" thick Dupont™ Corian® material and are made with 3" corners with 1 3/4" radius or 6" corners with 1" radius. All tops have full backing with substantial core material to provide support for hardware mounting. We offer a full line of table legs to choose from. These tables are durable and easily maintained and are great for use in cafeteria or fast food settings. Consider using this opportunity for bedside and over-bed table as well. There are many custom sizes available.
