- Available in over 130 DuPont™ Corian® colors

Griform Innovations®  
Donor Boards -  
Determined to improve your environment.

To better service the healthcare environment we offer engraving and Griform Innovations® Colorfil capabilities that are widely used in the industry. All Griform Innovations® Colorfils are cared for the same way DuPont™ Corian® is maintained. A wide range of graphic choices are available as well as color options are created to meet your custom graphic and signage needs. We are known for our ability to work with you to create special items for your specific projects. We have developed an inlay engraving program that is able to be installed into most surfaces. Our easy to install inlay program is great for creating beautiful design elements.

Griform Innovations® graphic design is produced by top quality software in conjunction with our CNC and laser engraving equipment. Our boundaries in graphic design are only limited by the imagination. Our laser work can be applied to practically any surface. Color and metal fills make our images and signage second-to-none.

#### Inlay Color and Metal Fill Options:

All color fills come in custom and pantone colors with the additional options of adding pearlescence, metallic flakes, and/or ice pearl flecks to create shimmer and sparkle in the design. Some of the below options can be combined.

1. Unfilled - Raw Engraving
2. Solid - Simple design filled with one tone and or color
3. Monotone - Grayscale tone: one color, many gradations in tone
4. Color Blends - Unique and different mixed colors in the image
5. Matrix Fills - Sand/Sierra Particulate
6. Glow-In-The-Dark - Solid color and matrix fills in limited colors
7. Multi-Color - 2,3,4, or more color layers
8. Metal Fills - 3D and flat fills in polished or brushed finish

- Aluminum
- Bronze
- Copper
- Nickel/Silver
- Stainless
- Brass

#### Costing:

Costing is based on your choice of both an engraving type and a color or metal inlay fill. You may also decide to leave the engraved artwork unfilled. Listings above are from the least expensive to the most expensive.

#### Griform Innovations® In Healthcare

Griform® offers nearly a hundred healthcare-related products. Each is designed to solve a specific challenge or problem. Of the many products we offer, pay particular attention to the Griform Innovations® Wall Cladding System. Each feature the winning combination of solid surface suitability for healthcare and Griform® innovation.
