

SIMPLISTIC PANS -

DETERMINED TO IMPROVE YOUR ENVIRONMENT

Grifform Innovations® has combined both form and function with durable and renewable DuPont™ Corian® for our beautiful Simplistic Shower Pan models. The Simplistic shower pan retrofits standard fiberglass and acrylic sizes. Lighter in weight and a very simple and quick installation helps reduce installation labor costs. The Simplistic Pan complies with ANSI Z124.2 plumbing regulations and is certified by NAHB Research Center. Color options for this pan are more limited than other Grifform Innovations® pan styles.

CHALLENGES

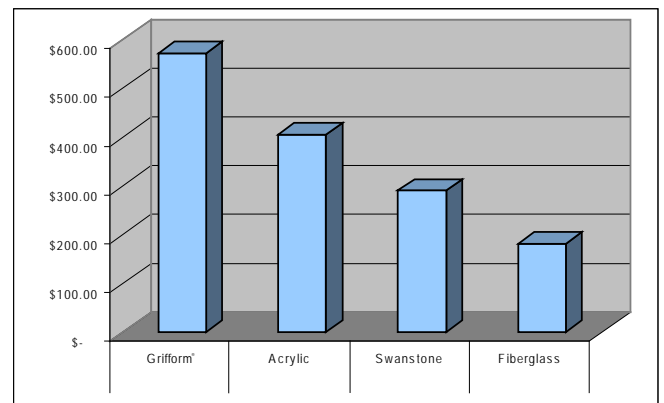

- A retrofit shower base replacement.
- Find a shower pan that is light weight and easily installed.
- A shower base that is durable and still easy to maintain.
- A shower pan that can stand up to the dirty soap scum environment.

SOLUTION

- Grifform Innovations® Simplistic Pan featuring smooth inviting lines.
- A line of standard pans that retrofit to existing shower sizes.

RESULTS

- The Grifform Innovations® Simplistic Pan made of DuPont™ Corian® bring form and function into the shower.
- Grifform Innovations® Simplistic pan is able to have drain location modified to accommodate your drain specification.
- Assorted colors enhance your décor.
- All the DuPont™ Corian® attributes for care and maintenance make this a great entry level choice of shower base system.

ATTRIBUTED VALUE OF THE GRIFFORM® SIMPLISTIC PANS

- Light weight
- Requires no liner
- Standard industry sizes
- Custom drain location upon request
- Lower maintenance cost
- DuPont™ Corian® can help earn points for LEED program
- Easy installation and maintenance
- Extended life cycle
- Class 1/A fire rated
- Slip resistance available

Griform Innovations®
Simplistic Shower Pans -
Determined to improve your environment.

To better service the healthcare environment, Griform Innovations® offers Simplistic Shower Pans that are made from Dupont™ Corian® and are designed to retrofit standard fiberglass sizes. They are light weight. Very simple and quick to install. Simplistic Shower Pans comply with ANSI Z124.2 plumbing regulations and are certified by NAHB Research Center. There is a standard drain location but a modification can be made for an additional up charge. There are several color options to choose from. Our standard bath wall system can be applied to this pan style.
